Executive Committee Message

We understand that the ongoing COVID-19 situation is an unprecedented challenge for everyone, both personally and professionally. Our thoughts and support go out to our ISPR members, colleagues, and families who have struggled during this time.

In 2020, COVID-19 forced organizations from all fields and industries to reconsider their events, and ISPR was no exception. The 2020 Midwest Recruiters Conference was postponed until November 2021, and all obligations were settled as amicably as possible. The ISPR executive committee worked hard through 2020 to ensure the stability of the organization. The executive committee introduced, through bylaw changes and vote, options for virtual governance so that operations of the organization could continue fully remote. The committee also worked to forge new relationships, that we feel will benefit ISPR and the recruitment industry as a whole. During 2021, the ISPR executive committee plans to continue to actively explore ways provide education and networking opportunities in our ever changing COVID-19 environment. Our community of ISPR members is of critical importance to us, and we are committed to serving the recruitment community as a ongoing source for learning and engagement. Thank you for the leadership and time you are giving to help the healthcare and recruitment industry during this time.

Midwest Recruiters Conference

If you've not already heard, ISPR is joining forces with INSPR (Indiana Society of Physician Recruiters) to co-host the 2021 Midwest Recruiters Conference. The event is in-person and will be filled with education and networking to help revive you after this long quarantine. The committee is monitoring the COVID-19 situation, and the hotel will assist us in providing all the safety precautions required in November. So, mark your calendars.

We hope to see you there!

2021 Midwest Recruiters Conference
